

IN THE SPECIFICATIONS

[0014]Turning now to **Fig. 3**, the swimsuit is shown in the disengaged configuration with the fastener **103a** now showing its components **103a'** disengaged into its components and fastener **103b** disengaged into its components **103b'**. In the configuration shown in **Fig. 3**, another feature of the swimsuit becomes apparent: the rear of the swimsuit is seen to have an additional piece of fabric **112** (with a seam **111**) that defines a pouch between the member **112** and the rear of the swimsuit. The pouch as shown in **Fig. 3** has two openings **113a**, **113b**. As can be seen in Figs. 2 and 3, the fastening devices **103a'** and **103b'** couple parts of the body that are not on the loop **105'**.
